NOVOMATIC welcomes visitors in true Austrian style at BEGE 2019

With the Balkan Entertainment & Gaming Expo (BEGE) 2019 upcoming, NOVOMATIC is preparing an impressive array of Winning Technology. From November 20-21, stand #2.2-3 at Sofia's Inter Expo Center will welcome show visitors with an authentically Austrian presentation of popular and new gaming highlights for the region.

Key favourites, among both the region's players and operators, are certainly multi-game mixes. Plenty of these will be on display at the NOVOMATIC booth – in a variety of cabinets to suit player preferences as well as operators' requirements and economic considerations.

Both versions of the elegant black PANTHERA™ cabinet will be presented with the latest NOVO LINE™ content. The multi-screen version PANTHERA™ 2.27 will feature the NOVO LINE™ Interactive Edition X1 with 30 games that offer an epic world of adventures in one powerful package while the single-screen upright version PANTHERA™ Curve 1.43 presents the NOVO LINE™ Interactive Concurve Edition 4 comprising five curve games with gripping features.

Impera-Line™ HD Edition 7 boasts gaming and winning varieties across 53 titles – it will be on display in various cabinets such as the V.I.P. Lounge™ 2.32, the V.I.P. Lounge™ Curve 1.43 and the new V.I.P Eagle™ I 3.32. This cabinet with its refined slant-top design brings high visibility and top performance to the gaming floor, combining the stylish upright design of two 32" HD screens with a tilted slant top base featuring a TouchDeck™ player interface. The cabinet's XL LED effects synchronize with the game and create an intense game experience and attractive spotlight in the casino.

All machines featuring the Impera platform will also be linked to the LOTUS ROULETTE™ Pro ETG Roulette island with six player stations, enabling show visitors to experience the seamless integration of slot and ETG game offerings, live at the show.

Another highlight for the visitors and guests at the NOVOMATIC booth will be the market premiere of the Lucky Lady's Wild Spell™ title that reinvents the hugely popular Lucky Lady character with an entirely new Wild feature – in Sofia the Lucky Lady will charm her admirers in the V.I.P. Lounge™ Curve 1.43. Fans of NOVOMATIC classics in a highly competitive package will appreciate the presentation of The Legend Gaminator® 1T multi-game edition with 43 legendary titles in the FUNMASTER 2.24 or the Superia Games Premium Mix 2 with 43 colourful titles in the GAMINATOR® Scorpion 2.24.

Elsewhere on the booth, the Ainsworth A600 and A640 machines will present the powerful Mega Choice Fortune and Multi Win 3 game-packages with a variety of thrilling titles from one of Down Under's top manufacturers.
