

NOVOMATIC: Success at SAGSE with impressive portfolio

The most important gaming event in Latin America was a huge success for NOVOMATIC. Presenting a broad range of market specific products, the international gaming technology company attracted a lot of attention at SAGSE.

Gumpoldskirchen/Buenos Aires, March 26th, 2024 – Stand #158 at SAGSE was once again the centre of attention, as NOVOMATIC showcased its full range of products and gaming solutions, including land-based casino products, casino and arcade management systems including biometric access and player tracking technologies, as well as sports betting products. Visitors not only took the chance to experience well established NOVOMATIC classics, but also the newest additions to the gaming portfolio.

Hardware-Highlights met all operator's demands

The NOVOMATIC stand at SAGSE was the center of attention with its fantastic range of presented cabinets. Already well established on gaming floors worldwide, the BLACK EDITION II was showcased at the Hilton Buenos Aires Hotel in Argentina in the version BLACK EDITION II 3.27. This cutting-edge cabinet has a modern design, perfectly angled monitors, and a razor-sharp game display against the backdrop of the Black Metro finish and a contrasting LED lighting concept. This multiscreen version is equipped with two 27" Full HD LCD screens and a topper of the same dimensions.

Another cabinet highlight for the LATAM region was the FUNMASTER 2.27 – a product with outstanding performance, excellent cost-effectiveness and a real player preference. With the DIAMOND X™ series, NOVOMATIC showcased x-quisite cabinets, featuring state-of-the-art Progressive content like the new GLOBE LINK™. The brand-new Multi-Game Mix Impera Line™ HD Edition 9 comes with a selection of 72 games and was exhibited at SAGSE in the multi-screen cabinet DIAMOND X™ 2.32.

Sensational software inspired visitors

The PANTHERA™ series was one more cabinet highlight at the trade show, that has attracted numerous visitors. Introduced in the versions PANTHERA™ Curve 1.43 and PANTHERA™ 2.27, these cabinets are distinguished by sleek design and powerful performance. Visitors took the chance to experience these cabinets with the Progressive Jackpots CASH CONNECTION™ Edition 3 and MONEY PARTY™ Edition 1. Beyond these impressive products, the Group's local subsidiary, NOVOMATIC Argentina, showcased the innovative ULTRA BOOST Link™, which is also integrated live with the region's leading myACP casino management system.

Fabián Luis Grous, Managing Director of NOVOMATIC Argentina, appreciates the outstanding interest shown by the visitors: "We want to thank our customers and partners for the excellent cooperation in Latin America. The success of this year's SAGSE once again emphasizes the top performance of our products and the high quality of our gaming solutions."

About NOVOMATIC

The NOVOMATIC AG Group is one of the biggest international producers and operators of gaming technologies and employs more than 24,500 staff worldwide. The Group was founded by the industrialist Professor Johann F. Graf in 1980 and has locations in about 50 countries, and exports innovative gaming equipment, system solutions, lottery system solutions and services to more than 100 countries. The Group operates around 214,000 gaming terminals and video lottery terminals (VLTs) in some 2,100 own electronic and regular casinos, as well as via rental models.

The NOVOMATIC AG Group is active as a full-service provider in all segments of the gaming industry through its numerous international subsidiaries, offering a comprehensive omni-channel portfolio for products for partners and customers worldwide. This ranges from terrestrial gaming products and service through management systems and cash management solutions, online, mobile and social gaming solutions to lottery and sports betting solutions, as well as a whole host of other first-rate products and services.
